

SHARVIL MANGESH MITHARI

Computer Engineering Student ■ Frontend & Full-Stack Developer ■ Generative AI Enthusiast

■ +918999668013 ✉ sharvilmithari02@gmail.com in LinkedIn ■ GitHub ■ Portfolio ■ Pune, India

PROFESSIONAL SUMMARY

Computer Engineering student with hands-on experience building production-grade web applications and AI-powered tools. Proficient in **Python**, **JavaScript**, and modern frontend technologies, with a demonstrated ability to deliver client-facing freelance projects. Passionate about leveraging **Generative AI** to accelerate software development workflows and create intuitive digital experiences. Actively seeking internship opportunities in **Frontend**, **Web**, **Software Development**, or **Generative AI** to contribute and grow.

WORK EXPERIENCES

Web Development Intern ■ Internship

Jun 2026 - Jul 2026

InAmigos Foundation

Remote • Pune, Maharashtra

- **Developed** responsive and accessible web pages using **HTML**, **CSS**, and **JavaScript**.
- **Designed and implemented** key sections such as Home, About Us, Vision & Mission, Projects, Gallery, Join Us, and Donation.
- **Enhanced** website UI/UX by creating a clean, mobile-friendly, and user-centered interface.
- **Collaborated** with the team to deliver timely updates, ensuring a seamless user experience and **80% Development**.
- **Optimized** front-end performance, contributing to an estimated **25% faster page load time**.

Technologies / Skills Used : HTML, CSS, React, Java

Frontend Developer ■ Self-employed

Jan 2026 - Apr 2026

CarsGuru

Remote • Pune, Maharashtra

- **Designed and developed** a fully responsive business website for a pre-owned car dealership, improving online presence and driving customer engagement.
- **Engineered** modern, mobile-first UI using **HTML5**, **CSS3**, and **JavaScript**, ensuring cross-device compatibility and optimal performance.
- **Architected** structured car listing pages, lead inquiry forms, and business information sections aligned to client specifications.
- **Delivered** a complete production-ready solution through direct client collaboration, iteration, and deadline-driven execution.
- **Contributed** to an estimated **10% increase in customer visits** by improving the company's online presence and website experience.

Technologies / Skills Used : HTML, CSS, JavaScript, React

PROJECTS

SpendWise ■ ■ Github ■ Website

Financial Copilot

- **Built** a full-stack personal finance management application featuring multi-page navigation, transaction CRUD, and an analytics dashboard for spending pattern visualization.
- **Implemented** a **dark-themed, responsive UI** with authentication, sidebar navigation, and user-specific data isolation for a polished SaaS-style experience.
- **Engineered data persistence layer** with structured JSON storage, real-time filtering, and category-based expense breakdowns using **Python** and **Streamlit**.

Technologies / Tools Used : Python, Streamlit, JSON, Supabase

KrishiConnect ■ ■ Github

AgriTech Platform

An AgriTech platform developed for the Gravity 2026 Competition to address challenges faced by Indian farmers, including limited access to agricultural machinery and inadequate farming guidance.

PROBLEM

Small and medium-scale farmers lack access to agricultural machinery and technology-driven farming recommendations.

SOLUTION

A smart platform designed to discover, rent, and schedule nearby farming equipment while providing intelligent crop insights.

- **Facilitated** equipment discovery and rental.
- **Implemented** a scheduling and booking system.
- **Provided** smart crop insights.
- **Delivered** tailored farming recommendations.
- **Offered** technology-driven guidance.

Technologies / Tools Used : CSS, JavaScript, React, Python, Streamlit

SKILLS

Databases : Supabase, MySQL

Frameworks & Libraries : Streamlit, Next.js, Node.js, FastAPI, Tailwind CSS, React

Languages : English, Hindi, Marathi

Programming Languages : Python, JavaScript, C++, Java, C, TypeScript, SQL

Soft Skills : Teamwork, Leadership, Communication, Decision Making, Adaptability

Tools & Platforms : Git, GitHub, Linux

EDUCATIONS

JSPM Narhe Technical Campus ■ Savitribai Phule Pune University, Pune, Maharashtra
Bachelor of Engineering (BE)

Sep 2025 - Mar 2029
